

Stainless Steel Cordless Kettle

DLJK459

Most economical way to boil water -
faster than a microwave, safer than a
stove top

-
- 1.8 litre/quart capacity
3 level automatic safety system ensures
safe operation:
(1) Auto 'Boil and Off' switch shuts kettle
off when water starts boiling
- (2) Kettle shuts off if plugged in dry
- (3) Kettle shuts off when lifted off round
power base
- Boils as little as 2 cups (500 ml) of water
Handy cord wrap eliminates counter
clutter
Removable Aquascreen® filter
Hinged lid for easy filling
