

Espressione Digital Coffee Maker

The Espressione Digital Filter is a slick, sophisticated coffee maker that is sure to impress both with its looks and the quality of its brew. The machine boasts a number of advanced features, such as the AccuFlavor Selector which lets you adjust the strength of your brew, aroma control to ensure perfect tasting coffee and a backlit digital display. An electronic programmable timer allows you to set the coffee maker to brew automatically and offers the choice of 24-hour or AM/PM format.

For added convenience, there's a cup warmer on the top of the machine and a removable water tank with a handle for easy filling. Additional features include a water filter that reduces chlorine and improves the taste of your coffee, cord storage, a de-scale warning indicator and a 1.5-liter glass carafe for up to 10 cups of coffee. The stylish machine features a brushed stainless steel body with black accents.
